**Dream Foods International Showcases
Great Summer Time Lemonade and Cocktail Recipes
Using *Italian Volcano® Lemon Juice***

Santa Monica, CA, July 20, 2009 - Dream Foods International, LLC (www.dreamfoods.com), a specialized importer of Sicilian organic kosher not-from-concentrate citrus varietal juices, proudly announces the introduction of its great *Italian Volcano® Lemonade* and cocktail recipe using *Italian Volcano® Lemon Juice*.

"During the heat of the summer, consumers regularly think of making lemonade to refresh themselves. We're offering these recipes as a way to get great tasting lemonade without the hassle of using fresh lemons, nor the poor taste that comes with traditional bottled lemon juices. Our organic juices have received wide recognition for their fresh tasting flavor," said Sales Manager David Dalessandro.

Made without preservatives, the 1 liter (33.8 ounce) contains the equivalent of 40 Sicilian organic lemons that grow in the Mt. Etna Volcano region giving the juice a great fresh-squeezed taste. *Italian Volcano® Lemon Juice* is also certified kosher is a fantastic ingredient for summer time lemonade and refreshing summer cocktails.

Italian Volcano® Lemon Juice gained recognition last year when Dream Foods International was able to provide customers with a steady supply of lemon juice during last year's worldwide lemon shortage. And the juice's reputation, built on delivering the highest quality product in its category, opened the door at many new retailers. The juice has also received notice in various food columns in major newspapers as well as food blogs on the internet. It follows in the footsteps of the company's award-winning organic blood orange juice which comes from the same region in Sicily.

Consumers can visit www.dreamfoods.com and click on "Where To Buy" to find nearby retail store locations. *Italian Volcano® Lemon Juice* is also available in every United States Military commissary in the country.
